

SANKET SHARMA

Data Analyst | Power BI | SQL | Python | Business Intelligence | AI-Assisted Analytics

Bilaspur, HP, India | +91-8219531255 | sanket9915@gmail.com | [linkedin.com/in/sanket-sharma-65a06724a](https://www.linkedin.com/in/sanket-sharma-65a06724a)

PROFESSIONAL SUMMARY

Results-driven Data Analyst fresher with hands-on expertise in Power BI, SQL, Python, and Excel — specializing in KPI dashboards, business intelligence, and data storytelling. Delivered 4 end-to-end analytics projects across Sales, HR, and Customer domains, analyzing 15,000+ records. Forward-thinking grasp of AI-assisted analytics and Generative AI to enhance reporting workflows and business decision-making.

TECHNICAL SKILLS

BI & Visualization: Power BI, DAX, Power Query, KPI Dashboards, Data Modeling, Data Visualization

Data & Databases: SQL, MySQL, PostgreSQL, Joins, Window Functions, Data Cleaning, EDA

Programming: Python, Pandas, NumPy, Matplotlib, Excel, Google Sheets

AI & Tools: Generative AI, Prompt Engineering, ChatGPT, Basic ML Concepts, VS Code, GitHub

PROJECTS

Customer Shopping Behavior Analytics Dashboard *Power BI | SQL | Python | Excel*

- Analyzed 3,900+ transactions — segmented customers by demographics, purchase behavior, promo usage & seasonal trends; built 15+ interactive Power BI visuals tracking AOV, Purchase Frequency & Repeat Rate.
- Identified high-value customer cohorts and peak purchase seasons; delivered actionable recommendations on inventory planning and promotional strategy to drive retention and revenue growth.

Sales Performance Analytics Dashboard *Power BI | SQL | Python | Excel*

- Analyzed 12,000+ sales records; developed 20+ DAX measures tracking Revenue Growth, Profit Margin & MoM variance — enabling self-service analytics and reducing manual reporting effort.
- Identified underperforming segments and seasonal demand patterns via Python EDA, translating findings into revenue optimization recommendations for quarterly business reviews.

HR Attrition Analytics Dashboard *Power BI | Python | Excel*

- Built HR analytics solution tracking Attrition Rate, Avg. Tenure & Retention Score; used Python to segment high-risk employee groups and generate data-backed retention recommendations.

AI-Powered Business Insight Generator *Python | Pandas | Power BI | ChatGPT*

- Integrated ChatGPT API with Python/Pandas to auto-generate trend summaries and KPI narratives; embedded AI insights into Power BI reports enabling non-technical stakeholders to self-serve.

EDUCATION

B.E. Computer Science Engineering — Chandigarh University | 2022–2026

Class XII - Himachal Pradesh Board of School Education (Minerva Public School, Ghumarwin).

Class X - Central Board of Secondary Education (The Air Force School, Subroto Park).

CERTIFICATIONS

Google Data Analytics Professional Certificate — Data Cleaning, SQL, EDA, Data Visualization, Business Analytics

Preparing Data for Analysis with Microsoft Excel — Spreadsheet Analytics, Data Preparation, Reporting

CORE COMPETENCIES

Business Intelligence • Dashboard Development • Data Storytelling • Customer Analytics • Sales Analytics • HR Analytics • KPI Reporting • AI-Assisted Analytics • Decision Support • Stakeholder Reporting
